École Mgr-Scheffer Named #1 School on the North Shore in 2024 Québec Secondary School Rankings

Blanc-Sablon, November 21, 2024 – The Centre de services scolaire du Littoral is proud to announce that École Mgr-Scheffer has been ranked as the #1 secondary school in the North Shore region, according to the 2024 edition of *Le Journal de Montréal's* "Palmarès des écoles secondaires du Québec". This ranking, produced in collaboration with the Fraser Institute, highlights École Mgr-Scheffer's outstanding academic performance and commitment to student success.

The rankings, based on the overall rating determined by the results of the Ministry of Education's secondary exams from June 2023, place École Mgr-Scheffer as the #1 rated public school for the entire North Shore region. The overall rating is calculated on a scale from 0 to 10, with factors including exam results, graduation rates, and the school's performance in serving students with learning or adjustment disabilities.

"We are thrilled with this recognition and proud of the hard work and dedication shown by our students, teachers, and staff," said Marc-André Masse, Administrator of the Centre de services scolaire du Littoral. "This achievement reflects our collective commitment to providing a high-quality education and ensuring that every student reaches their full potential."

École Mgr-Scheffer's performance stands out not only for its academic excellence but also for its inclusive approach to education, offering support to students with diverse learning needs while maintaining impressive academic standards.

The rankings are part of an annual initiative by *Le Journal de Montréal*, which includes an interactive map allowing families across Québec to compare schools based on key metrics, helping parents make informed decisions about their children's education.
